**DECLARATION OF CONFORMITY**

The ALPHA POMPE S.p.A. declares that the full range of its products:

PNEUMATIC SHUTTLE VALVES, “FAST-AIR” branded

is engineered and manufactured according to all Essential Health and Safety Requirements (EHSR), according to applicable titles and conditions, as indicated in Annex I by the EC Directive:

PED – 2014/68/UE

Description: Pneumatic shuttle valves, “FAST-AIR” branded.

Use: Valves for interception of Group 2 - NON-HAZARDOUS fluids
(See FAST-AIR General Catalogue and Instruction Manual)

“FA” Series: Aluminium Alloy Models: FA10, FA15, FA20, FA25, FA32, FA40, FA50.

Serial number: Each valve bears an identification serial number on it.

Other applicable directives: MACHINERY-2006/42/CE Directive.

Risk assesment: EN 12100/1 – 12100/2.

ALPHA POMPE S.p.A. declares that FAST-AIR pneumatic valves comply with PED – 2014/68/UE European Directive, concerning pressurized equipment, according to Art. 4.3 and therefore they are not subject to marking.

ALPHA POMPE S.p.A. also declares that the relevant technical documentation is compiled in compliance with Annex VII B of the Directive. In case of a reasoned requirement, it will be transmitted to the relevant authorities.

In respect of a.m. Directive, and also as general safety norm, it is forbidden to put into service the final machine where the device is incorporated, before it is declared conform to the same Directive.
